

EPA Wood Stove

DUNDEE 1.9

SS Dundee

The SS Dundee's route took her to places such as Greenspond, Keels, St. Brendan's, Wesleyville, Pools Island, and Port Blandford which served as her home port. Built in 1900, one of the Dundee's jobs was to promote tourism.

Named after this proud Alphabet Fleet ship, Steers presents the Dundee 1.9 EPA-approved wood stove. Using improved air intake, our Legacy Collection of wood stoves allow for more complete combustion, which is better for the environment.

Features of the Dundee 1.9

- ◆ Heats up to 1,950 square feet
- ◆ Average efficiency rating of 70%
- ◆ Average emissions of 5.9g/h
- ◆ Easy-to-access ash pan
- ◆ Maximum log length of 20 1/2"

Technical Data

Combustible type	Wood		
Recommended surface (ft)	1 950 ft		
EPA test fuel	68 000 BTU/h (19.9 KWh)		
Seasoned cord wood	75 000 BTU/h (22 kWh)		
Color	Metallic black		
Exterior appliance dimensions:	Width	25 1/2"	
	Depth	25 3/4"	
	Height	30 3/4"	
Flue pipe diameter	6"		
Chimney type	2 100 F/ 650 C		
Minimum chimney height	12'		
Firebox dimensions	Width	21"	
	Depth	16 1/2"	
	Volume	2.3 ft	
Maximum log length	Width	20 1/2"	
Door opening dimensions	Height	17 9/16"	
		8 3/4"	
Door type	Glass/Cast iron frame		
Pyroceramic glass surface	Width	16"	
	Height	9 1/4"	
Weight (lbs/kg)	406 lbs (184 kg)		
Limited Warranty	Lifetime		
Clearances to combustible materials	Stove Pipe	Single	Double
	Back	14"	6"
	Sides	12"	12"
	Corners	7"	5"

Included:

- ◆ 130 CFM blower with variable speed
